12th Annual Pediatric Hypnosis Skills Training Workshops

“Helping Children & Teens to Help Themselves”

**October 5-7, 2023
Minneapolis, MN**

**Connecting clinicians while stretching skills in integrative health
Extensive experiential learning.
Renowned Faculty!**

**In collaboration with
Minnesota Society of Clinical Hypnosis
University of Minnesota Department of Pediatrics**

Sponsored by Minnesota Medical Association

Highlights for 2023

- **Special Keynote and added Presentations** with Linda Thomson, PhD, APRN, ABMH, ABHN and Past President, American Society of Clinical Hypnosis (ASCH)
- **EXPERIENTIAL** learning activities comprise **OVER HALF** of each workshop!
- **Learning and refining practical hypnosis skills is the primary focus of each of the 3 concurrent workshops!**
- **ALL NEW** choices for Mini-Intensive Sessions in Utilization/Clinical Applications Workshop (90 min. each).
- **Scholarships are available!**

WHAT?

NPHTI, the premier Pediatric Hypnosis Training organization globally, announces its 12th gathering. Approximately half the workshop is devoted to practicing skills in a collegial small group with like-minded professionals and supportive faculty mentor-facilitators (typically a 6:1 ratio).

WHO?

Since 2010 NPHTI has trained over 1100 licensed pediatric clinical professionals, including mental healthcare providers, physicians, nurse practitioners, dentists, occupational and physical therapists, speech and language pathologists, and child life specialists. We especially welcome full-time trainees working toward an advanced clinical license in one of these fields. Pediatric clinicians—from the novice to the nimble—are invited to develop or refine skills in clinical pediatric hypnosis taught by seasoned multi-disciplinary faculty who include the top experts in the field.

WHY?

Come together to build your skills in clinical hypnosis that help children learn to help themselves. Learn how to set individualized goals and craft goal-driven hypnotic suggestions with your pediatric patients! Connect (or re-connect) with colleagues! Chat with the experts!

HOW?

Carve out time for a hard-earned respite in a lovely setting while absorbed in NPHTI's curricular focus on *experiential* learning. Rally your professional friends to attend one of our tri-level concurrent workshops.

WHEN?

Thursday-Saturday, October 5-7, 2023

WHERE?

Plymouth, MN (Minneapolis suburb), USA.

DESCRIPTION OF WORKSHOPS

These intensive workshops feature a combined lecture-demonstration-experiential training format with a developmental perspective in the use of clinical hypnosis & its empirically supported applications to children and teens with various medical & mental health conditions and challenges. Both research-based and pragmatic hypnotic interventions are taught.

- **Cutting edge presentations** (including VIDEOS of faculty cases) highlight therapeutic communication, goal setting and goal-driven suggestions and other hypnosis strategies.
- **Faculty:** Our multi-disciplinary, seasoned pediatric clinician-educators have expertise in pediatric hypnosis and are considered the most renowned leaders-teachers-researchers-authors in this field.
- **Three levels of workshops:** Fundamentals; Utilization & Expanded Clinical Applications; & Individualized Consultation.
- **Extensive experiential learning:** Activities during presentations, and abundant supervised practice of hypnotic techniques within supportive small groups with a high faculty-to-trainee ratio. (1:6)
- **Registration fees include:** Workshop Presentations, Online Syllabus, Small Group Exercises, CME/CEU Credit (at no extra charge), Comprehensive Bibliography, Complimentary Reception, Generous Breakfast and Morning & Afternoon Refreshments. Special needs such as dietary restrictions, lactation room, etc. should be indicated in advance. Requests cannot always be honored on site.

ELIGIBILITY AND TARGET AUDIENCE: Requires an active clinical license AND one of the following:

- Doctoral Degree in Medicine, Psychology, Nursing or Dentistry
- Masters Degree in Social Work, Marriage and Family Therapy, Clinical or Counseling Psychology
- Masters Degree in Nursing or Advanced Practice Registered Nurses (i.e. APRN, CPNP, CNS)
- Other Advanced degree clinicians (e.g. Occupational & Physical Therapists, Speech & Language Pathologists)
- Child Life Specialists holding a Doctoral, Masters, or Bachelors degree
- Full-time Interns/Residents/Fellows or Graduate Students enrolled in an accredited program leading to these clinical degrees will be accepted when they provide a letter from their department on letterhead, attesting to their current full-time status, specifying timing of training (month and year).

NPHTI SCHOLARSHIP INFORMATION

Purpose:

The National Pediatric Hypnosis Training Institute (NPHTI) will provide scholarships to help to defray the annual workshop registration costs for clinicians and trainees who have limited monetary resources.

Criteria for recipients:

NPHTI intends to focus its limited scholarships for the annual workshop on:

- Trainees (graduate students, interns, residents, and post-doctoral fellows) in clinical programs leading to licensure
- Licensed clinicians who live in resource limited countries
- U.S. licensed clinicians with limited financial resources
- Early career professionals (e.g. within 2 years after licensure) with limited financial resources
- Trainees or licensed clinicians with limited financial resources who demonstrate plans to conduct research in the area of pediatric clinical hypnosis within the next 2 years

Go to the website site to get the Scholarship Application and additional information at www.nphti.org

FUNDAMENTALS OF PEDIATRIC CLINICAL HYPNOSIS WORKSHOP:

This workshop is for clinicians who have NOT YET completed a *pediatric-specific* hypnosis training (20+ hours) **and** for clinicians wanting to refresh or solidify their confidence in fundamental pediatric hypnosis skills.

- Foundational skill-building in hypnosis as therapeutic communication and adjunctive intervention for children/teens with various health and behavioral problems.
- Clinical focus: hypnosis adjunctive management of pain, anxiety, fear, and sleep issues for children and teens at different developmental stages.
- State-of-the-art presentations include instructional videos (faculty cases) and case vignettes.
- Experiential learning is a critical focus: Over half of total workshop time is spent in very small group practice (6:1 trainee: faculty ratio) and large group exercises focused on the structure and elements of clinical hypnosis with children/teens, using therapeutic language, explaining hypnosis to parents and children, delivering goal-directed hypnotic suggestions, and the use of self-hypnosis.

INDIVIDUALIZED CONSULTATION WORKSHOP: Personalized and Peer Mentoring

- Provides extensive, individualized mentor consultation to clinicians ready to enhance their knowledge and expertise in the use of pediatric hypnosis.
- Fulfills partial requirements for attaining ASCH Certification in Clinical Hypnosis and/or an ASCH-Approved Consultant.
- Unique format: Clinicians consult in a small group (max = 6) with rotating faculty facilitators (ASCH Approved Consultants).

In addition to thoughtfully-matched faculty consultation, this model expects participants to learn from one another and to have their own expertise affirmed and expanded. During the consultation sessions, the focus is on issues unique to each practitioner's practice as reflected in their video submissions. **Participants must present a video-recording of hypnotic work with a pediatric patient and a corresponding typed case vignette of the video.**

A firm deadline for video submission is July 15, 2023. A "how to" guide to help learners develop effective video recordings will be provided. An EARLY-AS-POSSIBLE completed application and learning/needs assessment is requested and advised to facilitate planning before registering for the workshop. See instructions below.

"I would highly recommend this NPHTI course for any general pediatrician or pediatric subspecialist."

"I have grown so much as a professional in just three days! I felt so supported and valued by the faculty. This course felt like an apprenticeship. I had the chance to work with experts in the field, who came alongside me and boosted me up with empowerment and helpful suggestions."

"NPHTI as an organization and the faculty at the conference have been impactful beyond anything I had expected. It has fundamentally changed how I view my clients as well as how I view myself. It fostered a sense of safety within myself that I feel confident I can teach to the kids that I work with as a marriage and family therapist. I will continue to draw on this experience and recommend for years to come."

Lunch on Your Own

Lunch during the three-day workshops is not included in the registration fee. The hotel will provide options to purchase a box lunch or attendees are welcome to make a reservation at the hotel's restaurant for lunch.

Group Registration

A minimum of 3 registrants from the same organization is required for a group discount of \$40 per person to be deducted from the corresponding registration fees listed above. Individual registrations in a Group registration must be received within two business days of each other to qualify for this discount. Contact Registration Services at 1-800-781-1193, ext. 61 to obtain a discount code before beginning the registration process. NO refunds will be issued if a person from a group has to cancel or does not show up at the conference. Normal refund policy applies for complete group cancellations.

Course Materials

A printed syllabus will NOT be distributed at the Workshops. NO services for printing syllabi are available on site during the workshops. Registered attendees will be emailed access instructions to view course materials online, then download and print a week or so prior to the Workshops. The presentations and other course-related materials (e.g. extensive copywritten bibliography) will remain available online at the www.NPHTI.org website for 6-8 weeks following the Workshops.

Cancellation Policy

In the event you need to cancel your registration, the registration fee, less a \$50 administrative fee, will be refunded if you notify us by 4:30 p.m. Central Time on September 1, 2023. No refunds will be made after this date.

Cancellations due to COVID-19: these will be considered on a case-by-case basis.

ATTENDEE SAFETY PLAN REVISED 6/1/2023

The NPHTI Board of Directors recognizes that public health recommendations for COVID-19 safety have changed, especially in light of the May 11, 2023 end of the US COVID-19 public health emergency, and the WHO declaring the end of the COVID-19 global health emergency in May 2023. We recognize that many individuals are prepared to accept the risks of COVID, influenza or other infectious diseases during travel and meeting attendance. Accordingly, we have revised our health and safety guidelines for NPHTI workshop attendance.

NPHTI is committed to the health and safety of all workshop attendees, faculty, and staff. To that end, we strongly encourage all attendees to be up to date on their COVID-19 vaccinations and boosters per current CDC guidance (refer to <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/index.html>), and follow current recommendations for influenza vaccines (refer to <https://www.cdc.gov/flu/prevent/vaccinations.htm>). International attendees, please refer to guidelines from the World Health Organization. (https://www.who.int/health-topics/coronavirus#tab=tab_1)

We also ask registrants who are not feeling well not to travel to the workshops and to notify NPHTI as soon as possible should you believe that you will not attend due to illness. Should an attendee become ill during the workshops, we will have COVID-19 rapid tests available and will ask persons to test and then to quarantine for the remainder of the workshops if testing positive.

We also encourage masking as a means of reducing the risk of transmission of COVID-19 and other illnesses, but NPHTI will not require masks. Remember that you mask to protect others around you more than yourself.

NPHTI will continue to monitor the CDC's travel guidelines as well as state and local guidelines in Minneapolis. These health and safety guidelines may be revised at any time as the NPHTI Board of Directors deems appropriate.

International attendees should always check current travel restrictions to the U.S. (refer to <https://www.usa.gov/covid-international-travel>) to make sure you will be able to enter the U.S.

If you have any questions or concerns about this policy, please email trainwithnphti@gmail.com

We appreciate your cooperation and diligence to the disclosed safety plan in advance and during of the NPHTI Workshops.
